18 August 2006

Dear Global Partner,

It is six months since we met at the 'MANI 2006' consultation in Nairobi, Kenya. The feedback from participants continues to be very encouraging. A range of consultations, conferences and events at global, continental, regional and national levels have been scheduled for the coming nine months. In this brief message I wish to draw your attention to two in particular in which your participation would be most welcome.

The World Conference on Discipleship. This event is being hosted in Ibadan, Nigeria by Dr Uzo Obed – 10 – 13 October 2006. You will recall Dr Obed spoke on the 'Challenge of Discipleship in the 21st Century' and led the working group on Discipleship at 'MANI 2006'. Check [www.apostolicdiscipleship.net](http://www.apostolicdiscipleship.net) for details and registration.

CRAF-The 5th Francophone Africa Regional Consultation. The consultation is in two stages:

\*CRAF - Central Africa for Central African countries in Bangui, Central African Republic, 07-11 May 2007

\*CRAF - West Africa for West African countries in Lome, Togo, 14-18 May 2007.

The two events have been arranged back to back to enable partners from outside of Africa to attend both. CRAF will provide an opportunity to hear how God is at work across Francophone Africa, learn from one another, assess where each nation is at the unfinished task of the Great Commission and engage the critical challenges facing the Church in Francophone Africa. Each morning there will be a key address on Church Planting Movements.

For more information, contact Younoussa Djao at [ydjao.craf@gmail.com](mailto:ydjao.craf@gmail.com)

In addition to the above I will list below some of the other events coming up in the next nine months. More information about these events can be obtained from the primary contact person. You may also copy me.

We appreciate your commitment to empower and assist the church in Africa as we undertake such initiatives toward fulfilling the Great Commission.

Blessings,

Ross Campbell
